THE ICE CROP FOR THIS SEASON.—The high price of ice during the "beated term" of last year induced a great many consumers to lay in large stocks of the article last winter, and so much is now stored away that it is not believed that ice can reach a very high price during the coming season. The "production" for this market has reached nearly half a million tons, while the average sales in good seasons only amount to about two hundred and fifty thousand tons. The large companies have their usual supply, and persons who sell to the trade, but who bought of these companies last year, now have full ice houses of their own so that by the competition the "independent" dealers have controlled the price to its present low point of two dellars a ton. This, it is stated, does not more than pay expenses; but the ice dealers have the choice of selling or letting it melt on their hands. The retail price is now from one-fourth to one-half a cent per pound, and probably the rates will not advance much during the summer, beyond the latter figure.- N. Y. Times.

In the French Senate the other day the Marquis de Boissy asserted that the Prince of Wales was drunk, " as his custom is," when he called on Garibaldi. He also insinuated that Queen Victoria is given to drink. The President of the Senate would not permit the outrageous remarks to appear in the reports of proceeding. We should think not.

The whole Pennsylvania oil region, which in 1860 was supposed to amount to eleven hundred and sixty-five barrels per day from the seventy-four principal wells, or about 50,000,600 gallons in all, is now about 70,000,000 barrels, or 2,800,000,000 gallons.

EAR, THROAT, AND AIR PASSAGES. DR. LIGHTHILL,

from 34 St. Mark Place, New York, Author of "A Popular Treatise on Deafness, " Letters on Catarrh," Will be in

WASHINGTON, On MONDAY, June 6th, and can be consulted at the EBBITT HOUSE for ONE WEEK until Saturday evening, June 11th,

DEAFNESS, CATARRH, and all the various diseases of the EAR, THROAT, AND AIR PASSAGES.

## Testimonials:

From the Rev. Fred. S. Jewell, Professor of State Normal School, Albany, N. Y. This may certify that I have been, since 1814, subject to violent periodical attacks of catarrh, marked by a highly inflamed condition of the lining membranes of the cavities of the head, producing a most distressing species of head-ache for days at a time, wholly incapacitating me from business, and during the paroxysms confining me to the bed. In some instances the inflammation has extended to the teeth, occasioning toothache; to the threat, producing hoarseness and partial loss of voice; and and twice it has so affected the left eye as to confine me for a month or more to a darkened room. These attacks have been accompanied by strong febrile symptoms; by stoppage of the head, and, in the first stages, by watery discharges from the nose, subsequently becoming acrid and yellow, and towards the close of the attack becoming bloody and purulent. I have tried medicines of almost every kind; external applications to the head, such as camphor, ginger, hot bandages, and fomentations, of hor vinegar; snuffs of some half a dozen kinds, and other catarrhai preparations, together with internal remedies, such as alteratives, cathartics and emetics. These have produced no change in the occurrence or character of the disease, and, in most cases, with little or no temporary relief. I had come, at length, to believe the disease to be practically beyond either cure or material alleviation. Under these circumstances I was led some

five months ago, to make a trial of Dr. Lighthill's treatment. His method at once approved itself to my judgment, as simple, philosophi-cal, and likely to be effective. Notwithstanding the disadvantages under which he labored, in dealing with a disease of such long standing, aggravated by nervous debility and dyspepsia, and constantly induced by the accidents of my professional labor, I found the treatment reaching the disease as it had never been reached before, and producing such a modification and alleviation of its character, as I had supposed impossible. I chronicle the results thus. Although I have been situated several times, so that I should formerly have believed a severe attack of my catarrh inevitable, I have escaped thus far; the symptoms of threatened attack have been very light, and have yielded to the remedies employed by Dr. Lighthill, without need of recourse to the old hot fermentations, or emetics; and the discharges from the head have resumed the driginal and natural condition. I count upon a complete cure. That I have been able, however, to obtain so material a relief is to me a cause of gratitude. In that alone, I am repaid for whatever the treatment may have cost me. I make this statement unsolicited, as a means

of acknowledging my obligations to Dr. Lighthill's method of treating catarrh, and with a view to aid any who may have suffered from that disease, in forming a just opinion of its merits, and its probable utility in their own Prof. State Normal School. Albany, N. Y., March 14, 1864.

Catarrh Cured.

From Rev. R. P. Russell, Lynn, Mass.

I have been much troubled with Catarrh of the worst type for some twenty years. It

mer I heard of Dr. Lighthill's successful mode of treating catarrh, visited him, and put myself under his treatment. I began immediately to improve, and this improvement has gone on to the present time. My catarrh has gradually meited away, my cough has disappeared, my voice has become natural, and I am once more able to preach the blessed Gospel. Let me advise all troubled with catarrhal difficulties to apply to Dr. Lighthill ties to apply to Dr. Lighthill.

PROPOSALS.

A NTHRACITE COAL FOR THE NAVY. NAVY DEPARTMENT. BUREAU OF EQUIPMENT AND RECRUITING.

Sealed Proposals for furnishing Anthracite Coal for the Navy, to be delivered during the fiscal year ending 30th June, 1855, will be received at this Bureau until 10 a. m., 18th June, 1864.

These proposals must be endorsed, "Proposals for Anthracite Coal for Steamers," that they may be distinguished from other business letters.

The offer must be for the delivery of 100,000 tons, of 2,240 pounds.

The coal must be of the best Buck Mountain or Black Heath, or of a kind equal to them in all respects, for the purpose intended, which equality will be determined by a Board appointed by the Secretary of the Navy after the reception of the bids. The name of the coal proposed to be furnished must be stated in the offer.

It is to be delivered in lumps of suitable size for

naval steamers—clean, of uniform quality, selected free from impurities, unmixed—of which the contractor will be required to furnish such evi-dence as will be satisfactory, and be subject to such inspection as to quality and quantity as the Department may direct. The coal must in all respects be satisfactory to the inspector or inspectors, to be appointed by the Bureau, who will have the right of peremptory rejection.

The coal is to be delivered on board vessels, at

The coal is to be delivered on board vessels, at such place in the port of Philadelphia as may be designated by the Bureau, and in such quantities and at such times as, in the opinion of the Bureau, the exigencies of the service may require; commencing when the vessel is reported ready to receive cargo; furnishing, if demanded, not less than 1,00 tons per day, to be distributed to each vessel, as may be directed, until the loading is completed.

Proposals will likewise be received for the delivery of 30,000 tons of the same quality of coal, to be delivered in the port of New York, on board vessels, as at Philadelphia.

In theicase of failure to deliver the coal in proper quantity, of the proper quality, and at the proper time and place, the Bureau will reserve in the contractor's risk and expense, that which may seem necessary to supply the deficiency.

Any demurrage, or other charges to which the Navy Department may be subjected from delay in the prompt delivery of the coal by the contractors, will be deducted from their bills.

The price must be for the coal delivered on board vessels, on the terms and conditions above stated, at the contractor's risk and expense, and without extra charge of any kind. stated, at the contractor's risk and expense, and without extra charge of any kind.

without extra charge of any kind.

The offer, as required by law, must be accompanied by a written guaranty, signed by one or more responsible persons, to the effect that they undertake that the bidder or bidders will, if his or their bid be accepted, enter into obligation, at such time as may be prescribed by the Bureau, with good and sufficient sureties, to furnish the supplies proposed. No proposition will be considered unless accom-panied by such guarantee: and the Department reserves the right to reject all the offers, if con-Two or more sureties each in a sum equal to the amount specified to be paid, will be required to sign the contract, and their responsibility will be certified by a United States District Judge, United States District Attorney, Collector, or Navy Agent.

Agent.

As additional and collateral security—twenty per cent. will be withheld from the amount of all payments, which reservation is not to be paid except by authority of the Secretary of the Navy, until by authority of the Secretary of the Navy, until the contract shall have been in all respects com-plied with; and the remaining eighty per cent, or other amount that may be due upon each bill, will, when a proper certificate is furnished by the inspector, and the bill approved by the Bureau, be paid by such navy agents as the contractor may name, within ten days after the warrants for the same shall have been reseed by the Secretary of same shall have been passed by the Secretary of

It will be stipulated in the contract that if default be made in the delivery of the coal—in the quantity, or the quality, and at the place and time directed by the Bureau—then, and in that case, the contractor and his sureties will forfeit and pay to the United States, as liquidated damages, a sum of money not exceeding twice the contract price, which may be recovered from time to time, according to the act or acts of Congress in that case provided.

Bidders whose proposels shall be acted to the contract price. Bidders whose proposals shall be accepted, and none other, will be notified, and, as early as practicable, a contract will be transmitted to them, which they will be required to execute within ten

days after its receipt at the Post Office or navy agency named by them.

The form of offer, guaranty, and certificate is because it agency named by them. here with given : FORM OF OFFER. -, State of ----, hereby agree to furnish and deliver - thousand tons of anthracite coal for steamers' use, at—, at the rate of — per ton, of 2.240 pounds, amounting to — dollars, the whole in conformity with the provisions and terms of the advertisement of the 24th day of May, 1864, from the Navy Department and heavy many terms of the steament of the steam

At the New York Arsenal, Governor's Island, New York, 20,000. At the Watervliet Arsenal. New York, 5,000 These projectiles are to be made of the kind of metal, and inspected after the rules laid down in the Ordnance Manual, the tensile strength of the iron for columbiad shot to be not less than 25,000 lbs per square inch, and for mortar shells not less than 14,000 lbs per square inch. Drawings can be seen at any of the United States Arsenals. The projectiles are to be inspected at the foundry where cast, and are to be delivered at the Arsenals free of charge for handling and transportation. Deliveries must be made at the rate of not less than one-tenth (1-10th) of the whole amount contracted for per week. The first delivery to be made on the 29th day of June, 1864. Failure to make deliveries at a specified time will subject the contractor to a forfeiture of the

number he may fail to deliver at that time Separate proposals must be made for the shot and shell.

Bidders will state explicitly the Arsenal or Arsenais where they propose to deliver, and the number of projectiles they propose to deliver at each place, if for more than one.

No bids will be considered from parties other than regular founders, or proprietors of works, who are known to this Department to be capable of executing the work proposed for. Should any party obtaining a contract offer shot or shell other than those cast in his own foundry, they will be rejected, and the contract rendered null and void.

Bidders will enclose with their bids the written acknowledgments of their sureties over their own signatures Each party obtaining a contract will be obliged to enter into bond with approved sureties for its faithful execution.

Upon the award being made, successful bidders will be notified and furnished with forms of con-

tract and bond.

The Department reserves the right to reject any or all bids, if not deemed satisfactory.

Proposals will be addressed to "Brigadier General George D. Ramsay, Chief of Ordnance, Washington, D. C.," and endorsed "Proposals for 8-inch Columbiad Shot," and "Proposals for 8-inch Mortar Shells."
